

# DECLARATION FORM / COVID-19

Read this statement prior to signing. ALL passengers are to complete the following questionnaire prior to boarding the vessel each day booked.

Do any of the following statements apply to you within the past 14 days?

- Tested positive, or presumed positive with covid-19, or been identified as a potential carrier of the coronavirus.
- Experienced any symptoms commonly associated with covid-19 (fever >38.8C, persistent cough, difficulty breathing, sore throat, lung infections, loss of taste or smell).
- Been in direct contact with/or in immediate vicinity of any person who tested positive with covid-19, or is pending a test result of anyone exhibiting the symptoms above?
- Been in any location declared as hazardous with and/or potentially infected with coronavirus by a recognised health or regulatory authority.

YES  NO

If yes, do not travel to the Swanage pier, stay at home and self isolate as per government guidelines.

Do you agree to the following statements:

- I will supply and wear my own PPE mask or apply hand gel when asked to do so by the skipper.
- I will not enter the wheelhouse as it is strictly out of bounds, unless requested to by the skipper in an emergency.
- My personal possessions will be kept in my dry bag (including PPE, phone, keys and sunglasses) and stored close to my own kit.
- I will wear a face mask/covering when it is not possible to maintain a 2 metre distance between other customers (including helping others with doing up drysuits, unless from the same household).
- My buddy check will be performed whilst maintaining a 2 metre distance, unless from the same household. My emergency regulator checks will be performed using the purge button and not placed in my mouth.
- I will not spit in my diving mask whilst on board the boat. Where possible I will use anti-fogging liquid and rinse with a bottle of water.
- Once ready to enter the water I will wait to be asked by the skipper to move towards the dive lift (exit point). My regulator will remain in my mouth at all times when moving from my designated seat until I have left the vessel.
- When I am being recovered from the water I will keep my regulator in my mouth at all times until I am seated in my designated seat. If that means passing within 2 metres of other divers I will wait for them to put their regulator in, or be wearing a face mask/covering.
- I will not use the toilet unless absolutely necessary. If I use the toilet I will inform the skipper so he can disinfect the toilet, handles and hand rails.
- I will stay in my designated seat where possible.

YES  NO

Are you fit to dive?

YES  NO

If you have been symptomatic or hospitalised with cardiac problems in relation to COVID-19 please provide proof of a fit-to-dive clearance conducted by a diving medicine specialist. This should include a cardiac evaluation with an echocardiography and fitness test.

I confirm that I have answered the above to the best of my knowledge
